Hi Stephen -

Thanks for your message. I sent your request to the program clients, who have indicated their willingness to grant an extension, particularly if your clients can provide a partial response by Nov. 7. They are preparing a letter from the EPA Superfund manager delegated to grant this approval, which should reach you early next week.

Once again, thank you.

Sincerely,  
Pam Travis, Attorney

Pam:

Following up on our conversation today, this is to confirm that I represent Fernandez Company, Ltd. This is to respectfully request a 30-day extension for Fernandez's response to the 104(e) Information Request that Fernandez received on October 8, the response to which I have calendared as being due November 7. There is a great deal of historical information requested, and it is taking some time to obtain and review all of the responsive information. If necessary, we can provide a partial initial response by Nov. 7. If you have any questions, please let me know. Thank you for your consideration.

Steve Ingram
